

Real-time real estate news and data that moves markets.

GLOBAL NEWS

Clear & Concise

Focused updates that explain the What, Why and What's Next

Trusted & Unbiased

Objective, balanced reporting readers can count on

Transaction-Based

Actionable intelligence grounded in deal flow, not just commentary

First-to-Market News

Timely coverage that moves before headlines do, with daily bulletins, weekly roundups and real-time breaking news alerts.

Comprehensive Coverage

Covering all key CRE property sectors and asset classes, plus infrastructure news via IJGlobal.

Transaction Analysis

Unlock clarity across property sectors and markets with verified data and market intelligence. Track key transactions in your market, benchmark deals, and report in real-time on who's buying and selling.

Green Street News App

Easily track the regions and sectors that matter to you with customisable alerts.

Leading Editorial Team

Comprised of the industry's most talented and specialised, scoop-driven reporters.

Green Street delivers exclusive commercial real estate and infrastructure news across the U.S., Canada, Europe, U.K., and Australia. Trusted by institutional investors and industry leaders, our coverage provides the insight and speed needed to act ahead of the market. Make informed decisions with access to exclusive weekly stories covering key deals, leasing dynamics, leadership changes, market shifts, and more.
